

HIT. 08/07 (IM)

02 August 2006

Dear Prof. Dr Ba-Angood,

This is to acknowledge with thanks the receipt of the "University of Aden Journal of Natural and Applied Sciences" that you have kindly forwarded to us, as per the attached list.

I would like to inform you that the Index Medicus for the WHO Eastern Mediterranean Region (IMEMR) has been compiled and published by the Eastern Mediterranean Regional Office since 1986. It aims to provide a comprehensive bibliographic control and indexing of all health and medical journals published in the Region. In addition to access to the Index, a document delivery service has also been activated which will enable any user to acquire a copy of any article listed in the Index. The IMEMR Current Contents Bulletin is issued quarterly. The contents of the Index Medicus are also available on the Internet and are updated regularly on: <http://www.emro.who.int/HIS/VHSL/index.htm>

I am pleased to inform you also that the "University of Aden Journal of Natural and Applied Sciences" has been selected to be one of the sources of input of the IMEMR, noting that we will index only the health sciences and biomedical articles.

I am pleased to inform you also that we have added your name and address to our distribution and exchanging list for the Eastern Mediterranean Health Journal. One copy of the most recent issue is enclosed.

Looking forward to our continued and fruitful co-operation.

Yours sincerely,

Dr Najeeb Al-Shorbaji  
Coordinator  
Knowledge Management and Sharing
